

U18 Mixed Annual report – Lucy Hamlyn

September brought the start of the mixed under 18 teams second and final year together. With new coaches Ben Marsden and Erik aka 'Stick', hopes were high for success. As a colts team in an all adult league, we were often faced with teams much stronger and faster than us, especially in the case of some of the men! Despite this we fought on and were thrilled to find ourselves in the end of season play-off for first and second position. After a closely fought match we unfortunately lost 7-5, but were in high spirits nonetheless as we had finished bottom of the league last year! It was an undoubtedly successful season, and a final special thanks should go to Stick for being a brilliant coach and for coming to all of our matches through rain and shine- we couldn't have done it without you!
